CONTENTS OF VOLUME 14

Editorial 1

Ahlers, S. T. See Santucci, A. C.
Barlean, J. L. See Soraci, S. A., Jr.
Barry, R. J. **Heart rate deceleration to innocuous stimuli: An index of the orienting response or stimulus registration?** 42
Barry, R. J., & Mitchell, F. H. **The effect of vigilance upon the evoked cardiac response to simple stimuli** 141
Baumeister, A. A. See Soraci, S. A., Jr.
Beatty, W. W., & Bierley, R. A. **Scopolamine impairs encoding and retrieval of spatial working memory in rats** 82
Beckwith, B. E. See Tinius, T. P.
Bierley, R. A. See Beatty, W. W.
Booth, D. A. See Gibson, E. L.
Buchanan, S., & Powell, D. A. **Electrical stimulation of anteromedial and mediodorsal thalamus elicits differential cardiovascular response patterns from conscious rabbits** 115
Capaldi, E. J. **Serial learning and trimethyltin: An unfortunate case of ad hoc conclusions** 71
Crider, A. See Winkelman, J. W.
DeWitt, J. R. See Gill, J. H.
Enyogai, N. E. See Uguru-Okorie, D. C.
Fanselow, M. S. See Lester, L. S.
Fountain, S. B. **Serial-pattern learning: A unitary process?** 67
Gavin, M.R., & Isaac, W. **Recovery of function of a conditioned avoidance response in rats with serial and single-stage bilateral occipital ablation** 31
Gibson, E. L., & Booth, D. A. **Feeding induced by injection of norepinephrine near the paraventricular nucleus is suppressed specifically by the early stages of strong postingestional satiety in the rat** 98
Gill, J. H., DeWitt, J. R., & Nielson, H. C. **Dissociation of maze performance in the original learning state following drugged-state feeding** 104
Ginn, S. R., & Powell, D. A. **Pizotifen attenuates classical eyeblink and heart rate conditioning in rabbits** 36
Glazner, G. W. See Kulkosky, P. J.
Haenlein, M. See Soraci, S. A., Jr.
Isaac, W. See Gavin, M. R.
Isaac, W. See Lorig, T. S.
Kulkosky, P. J., Sanchez, M. R., & Glazner, G. W. **Cholecystokinin octapeptide: Effect on the ethogram of ethanol consumption and blood ethanol levels in the rat** 23
Lester, L. S., & Fanselow, M. S. **Naloxone's enhancement of freezing: Modulation of perceived intensity or memory processes?** 5
Lorig, T. S. **EEG and task performance: A comparison of three analytic techniques** 130
Lorig, T. S., & Isaac, W. **EEG activity during fixed- and variable-interval responding** 63
Mitchell, F. H. See Barry, R. J.
Nakajima, S. **Suppression of operant responding in the rat by dopamine D1 receptor blockade with SCH 23390** 111
Nielson, H. C. See Gill, J. H.
Oatman, L. C. **Spectral analysis of cortical EEG activity during simultaneous auditory and visual stimulation** 133
O'Connor, K. **The effects of smoking and personality on slow cortical potentials recorded within a signal detection paradigm** 49
Patterson, M. M. See Port, R. L.
Port, R. L., Romano, A. G., & Patterson, M. M. **Stimulus duration discrimination in the rabbit: Effects of hippocampectomy on discrimination and reversal learning** 124
Powell, D. A. See Buchanan, S.
Powell, D. A. See Ginn, S. R.
Riccio, D. C. See Richardson, R.
Richardson, R., & Riccio, D. C. **An examination of a contextual component of memory following recovery from anterograde amnesia in rats** 75
Romano, A. G. See Port, R. L.
Sanchez, M. R. See Kulkosky, P. J.
Santucci, A. C., Treichler, F. R., & Ahlers, S. T. **Effects of ethanol inhalation exposure on brightness discrimination after posterior decortication** 90
Solomon, P. R. See Winkelman, J. W.
Soraci, S. A., Jr., Barlean, J. L., Haenlein, M., & Baumeister, A. A. **Lower sensitivity to alterations of auditory relational information in mentally retarded than in nonretarded adults** 146
Tinius, K. A. See Tinius, T. P.
Tinius, T. P., Beckwith, B. E., Wagner, N., Tinius, K. A., & Traynor, M. M. **Differential actions of arginine vasopressin and alpha-melanocyte-stimulating hormone on reactivation of memory after hypothermia-induced amnesia** 15
Traynor, M. M. See Tinius, T. P.
Treichler, F. R. See Santucci, A. C.
Uguru-Okorie, D. C., & Enyogai, N. E. **Alteration of**

postdeprivation feeding pattern in rats by acute doses of diazepam 96
Wagner, N. See Tinius, T. P.
Wilcott, R. C. **Preoperative overtraining and effects of prefrontal lesions on delayed alternation in the rat** 87
Winkelman, J. W., Crider, A., & Solomon, P. R. **A disjunctive dose-response relationship between chronic amphetamine administration and active avoidance response acquisition in the rat** 11

Notices and Announcements

Fourth European Conference on Eye Movements 151
International Conference on the Neural Mechanisms and Biological Significance of Grooming Behavior 73
National Institute of Mental Health Extramural Research Support Programs 150
Nominations for the editorship of *Animal Learning & Behavior* 150
Sixth Annual Meeting of the National Academy of Neuropsychologists 73
Sixteenth Annual Meeting of the Society for Computers in Psychology 73
Tenth European Conference on Visual Perception ... 150
Twenty-Seventh Annual Meeting of the Psychonomic Society 74
